

MUKDEN IS ISOLATED

COMMUNICATION BETWEEN THAT CITY AND HARBIN SAID TO BE INTERRUPTED.

LOOKS DARK FOR RUSSIANS

SEEM TO HAVE AGAIN BEEN OUTGENERALLED BY THE JAP COMMANDER.

A dispatch from Harbin voices the fear that the Russians have been defeated at Mukden or at least forced to beat a disorderly retreat from that place to Tie pass. Communication between Mukden and Harbin is cut and the silence is ominous to the Russians. No news has reached Harbin from Tie pass recently, which indicates that Kuroki's forces may even have isolated or captured that place.

The significance of a Mukden dispatch noting an unusual activity in that place is the subject of much speculation at St. Petersburg. The theory that it indicates the purpose of General Kuropatkin to evacuate Mukden is not generally accepted, military officers surmising that the commotion noted is in connection with a movement to check a Japanese flanking operation.

In Russian official circles some credence is given to the rumor that Admiral Wiren has left Port Arthur with his ships, the confusion resulting because of a severe storm on Tuesday is regarded as having made such a dash possible.

Time expired members of the guards regiments in St. Petersburg and vicinity have been ordered to remain with the colors. There are indications that the Russian warships in the Baltic will soon be dispatched to the far East.

MUKDEN IS CUT OFF

KUROKI'S COLUMN IS SUPPOSED TO HAVE SEVERED COMMUNICATION WITH HARBIN.

Harbin, Oct. 7.—Nothing has been heard from Mukden in more than two hours and grave apprehension is felt. Rumors that Kuroki has broken through the divisions shifted southeastward to oppose his rear attack and advanced on that city in force have been current since early Wednesday evening. The latest dispatches describe panic among civilians and confusion in the army.

It is feared the Japanese either have won an important victory or that their approach has caused a disorderly retreat toward Tie pass. No dispatch has come from the pass since Wednesday afternoon. The wires apparently are undisturbed, but the operators here are unable to raise southern points. It is realized the enemy already may be in possession of Mukden and in battle with Kuropatkin west of that place. Russian divisions along the eastern road that may have been cut off by Kuroki are likely to be annihilated or captured piecemeal.

WOULD NOT CREATE SURPRISE.

Russians Inclined to Believe Story of Naval Battle.

St. Petersburg, Oct. 7.—While the admiralty says it has no knowledge of the departure of the Port Arthur squadron, it is inferred from the way in which the report that such an event had occurred has been received, that definite confirmation would not create surprise.

The Associated Press is informed that no direct orders have been sent to Admiral Wiren to break through the blockading fleet, but it is tacitly admitted that the admiral has discretionary powers to leave Port Arthur should the situation demand or conditions be propitious.

In naval circles it is pointed out that Wednesday morning the conditions might have been favorable for a sortie. Heavy storms raged Tuesday, and doubtless compelled the blockading vessels, and particularly the torpedo boats, to seek shelter, thus leaving the way clear for a dash to Vladivostok. Some naval officers, however, are inclined to think the firing that was heard at Chefoo may have been directed only at blockade runners.

Significant orders have been issued to keep time expired members of all the guards regiments stationed in and around St. Petersburg with the colors till March, 1905.

Orders were issued Thursday to all seamen belonging to the battleships Orel, Zemtchug and Izumrud to rejoin their vessels at Cronstadt immediately. It is believed that this presages the sailing of these vessels. Friday for Reval, where Emperor Nicholas is going to review the whole Baltic squadron.

REPORT IS NOT CONFIRMED.

No News of Alleged Naval Battle Off Port Arthur.

London, Oct. 7.—No confirmation has reached London of the reported naval fight off Port Arthur, a story to which effect was sent out by a news agency, and it is supposed that the firing heard at Chefoo, which was reported by the same agency, could only have

been from Japanese warships chasing blockade runners.

The latest Chefoo dispatch to the Daily Telegraph, dated 10 o'clock on the night on which the fighting was reported to have occurred (Wednesday), says:

"Port Arthur is quiet. The Russians are busy repairing forts. The municipality has undertaken to control the flour trade and as a result the price is enormously reduced, merchants having previously sold it at exorbitant figures. The band still plays twice weekly."

COUNT OKUMA'S OPINION.

Believes War Will Be a Very Costly Affair.

Tokio, Oct. 7.—In addressing the members of the United Clearing Houses of Tokio Thursday Count Okuma, the leader of the Progressive party, warned the people to prepare for a long war, the date of the termination of which it was now impossible to foretell. He predicted that the cost to Japan for a two-years' war, including the loans which had been already placed and the expenses consequent upon the war at its termination, would total \$1,000,000,000, which would make the per capita share amount to \$20.

Count Okuma said that corruption appeared to pervade the military, political and financial departments of the Russian government, and that this corruption had almost reached a climax which threatened a revolution. It was even reported that General Stoessel, now defending Port Arthur, was guilty of dissipation during the siege. The speaker declared that the weaknesses of the Russians gave the Japanese many victories. Count Okuma said Japan must make heavy sacrifices to defeat Russia, who, despite her weaknesses, had advantages in wealth and population, but who could not defeat Japan. The count said the war might cost Russia \$2,000,000,000.

EXPERT OPINION DIVIDED.

Activity at Mukden Arouses Much Speculation.

St. Petersburg, Oct. 7.—The war commission sat until an unusually late hour last night, but adjourned without issuing additional news from the front.

Expert opinion is divided as to whether a serious engagement is likely to occur at Mukden, but a dispatch from Mukden reporting unusual activity gives rise to much speculation. It is impossible to say whether this condition presages the evacuation of Mukden, but in any case it is evident that something of unusual interest is pending.

Some even are bold enough to take it that General Kuropatkin is preparing to assume the offensive; but in view of the fact that most reliable advice credit him with only about six divisions at Mukden this is exceedingly improbable. It is thought more likely that the commotion had to do with one or another of the Japanese flanking columns, which the Russian commander may have been preparing to check.

FOR THE WINTER CAMPAIGN.

Japs Are Taking Supplies and Ammunition to the Front.

Field Headquarters of the Second Japanese Army, Oct. 5, via Fusan, Oct. 7.—The Japanese are bringing up enormous quantities of supplies and ammunition for the winter campaign, using the reconstructed railway, carts and junks on the Liao and the Taite rivers. The railroad traffic is uninterrupted and additional soldiers continue to arrive. Outpost skirmishes are confined to the First and the Fourth armies. The troops are standing the climate splendidly, few being reported sick. Cold weather is just beginning.

FATAL AUTOMOBILE ACCIDENT.

Three Persons Killed and Six Others Injured.

New York, Oct. 7.—While speeding along in the Bronx Friday morning an automobile containing nine persons of New York went off a twenty-five-foot embankment at One Hundred and Sixty-first street and Jerome avenue, and two persons were killed, a man and a woman. The machine fell onto the New York Central railroad tracks and the wreckage was struck by a southbound train.

In the automobile when the accident occurred were five women and four men. The automobile was in charge of Albert Noyes.

Besides the man and the woman killed all the seven in the automobile were injured. Where Jerome avenue ends the roadway takes a sharp turn and the automobile did not slacken for this curve and struck the fence with a terrific crash. Engineer Livingston of the train threw on brakes as soon as possible but not before the wreckage of the car had been carried some distance. The engineer was arrested.

The body of Albert Noyes, chauffeur of the wrecked automobile, was found underneath the pilot of the locomotive horribly mangled.

This made a total of three dead, one of whom, a woman, was still unidentified.

MOUNT PELEE IN FULL ERUPTION.

Dread Volcano Emitting Clouds of Smoke and Fire.

Kingstown, St. Vincent, Oct. 7.—The captain of the British steamer Sibun, which arrived Thursday, reports that when the steamer passed the island of Martinique on Sept. 20, Mount Pelee was in full eruption. The spectacle was seen by those on board the Sibun at 2 o'clock in the morning of the day mentioned, the volcano emitting stupendous black clouds and balls of fire. This accounts for the dust clouds reported to have been seen Wednesday throughout the Windward Islands.

MAY YET BEAR FRUIT

REPRESENTATIONS OF UNITED STATES TO RUSSIA REGARDING PASSPORTS.

WILL CONSIDER THE SUBJECT

HERETOFORE CZAR'S GOVERNMENT HAS DECLINED TO ENTERTAIN PROPOSALS.

St. Petersburg, Oct. 7.—Contrary to general expectations, the representations submitted to Russia by the United States for the recognition without discrimination of American passports have not been entirely fruitless. Foreign Minister Lamsdorff's response, communicated to Ambassador McCormick Thursday, even creates the hope that something may actually be accomplished. After receiving consideration at the foreign office, the American note was referred to the high commission for general revision of the passport laws of the empire, which was created by imperial ukase on Dec. 17, 1903. As all matters relating to passports and the exclusion of Jews are governed by the internal laws of the empire, the question is outside the direct field of diplomatic negotiation. By referring the representation of the United States, compliance with which would involve a modification of the passport laws, to the commission, which body is competent to act thereon, a decision of the question may therefore directly be reached.

An official of the foreign office has been appointed by Count Lamsdorff to sit with the commission, thus insuring consideration of the international aspect of the question. Moreover the commission will sit under the direction of the minister of the interior and Ambassador McCormick, who had an extended talk with Prince Sviatopolk-Mirsky, the minister of the interior, upon the subject last evening, found him as might have been expected from his recent public utterances, sympathetic. Indeed, there is reason to believe that reference of the subject to the commission was previously arranged at a conference between Count Lamsdorff and Prince Sviatopolk-Mirsky.

Considering that this is the first time the Russian authorities have not brusquely declined to entertain American representations upon this question, the present response to Ambassador McCormick may be regarded as another signal proof of Russia's desire for friendly relations with the United States.

DISCUSS DISARMAMENT.

Peace Congress Delegates Talk on the Subject.

Boston, Oct. 7.—The arrest and subsequent reduction of military and naval armaments throughout the world was called for Thursday at the session of the international peace congress when resolutions were adopted expressing the opinion that the first task which the world's new convention suggested by President Roosevelt should take up, was the gradual disarmament of all powers.

The thanks of the congress were extended to President Roosevelt for his pledge to take the first step towards a convocation of a new international peace conference.

General Nelson A. Miles was the principal speaker at night at a congress meeting held in Park street church, to consider the suggestion of the reduction of armament and the menaces of great armies and navies. Congressman Samuel W. McCall presided and several prominent men voiced their opinions.

Another meeting, devoted to a discussion of the responsibilities of education in creating right ideals of international life, was held in Tremont temple. The speakers included Baroness von Suther and Dr. Yamei Kin of China.

SECURE BIG AMOUNT.

Robbers Wreck Bank at Monticello, Wis., and Escape With \$20,000.

Janesville, Wis., Oct. 7.—Heavily armed posses are scouring the country to find the seven men who wrecked the bank at Monticello with dynamite. It is reported they secured something over \$20,000. They escaped across country behind a team of fast horses.

It is believed that the plot was laid in Chicago and that the men have attempted to get back to that city. All trains coming into Chicago from the direction of the robbery are being searched.

People of the town were awakened by the terrific explosion and saw the men drive away, but were unable to distinguish in the darkness more than the number of men.

Affairs at the bank are in such a state as a result of the explosion that it is impossible to tell the exact amount of money secured.

Suit for Alleged Trespass.

St. Paul, Oct. 7.—Attorney General W. J. Donahower has begun suit on behalf of the state against Congressman C. B. Buckman for \$44,000. The amount is claimed to be due for alleged timber trespasses. The cases of alleged trespass were recited in detail in the recent report by Public Examiner Johnson to the governor, which was for some time kept secret.

Cured of Backache.

Member of the Business Men's League and one of the best known business men in St. Louis, Mo. Read what Mr. Wand has to say about Dr. Fenner's Kidney and Backache Cure:

"I know what it is to be afflicted with backache and I sympathize with fellow sufferers. After swallowing various and frequent nauseating doses of this and that prescription I decided that if Dr. Fenner's Kidney and Backache Cure could not rid me of these backaches it at least would not do me any harm and I procured a bottle.

"Now the first bottle didn't stop those wearing backaches, but it did afford me great relief. The second bottle, however, did effectually put a stop to those backaches. Occasionally they returned when strenuous business affairs exhausted my physical forces, but a dose or two of Dr. Fenner's Cure gave instant relief.

KUROKI'S COLUMN IS SUPPOSED TO HAVE SEVERED COMMUNICATION WITH HARBIN.

Harbin, Oct. 7.—Nothing has been heard from Mukden in more than two hours and grave apprehension is felt. Rumors that Kuroki has broken through the divisions shifted southeastward to oppose his rear attack and advanced on that city in force have been current since early Wednesday evening. The latest dispatches describe panic among civilians and confusion in the army.

It is feared the Japanese either have won an important victory or that their approach has caused a disorderly retreat toward Tie pass. No dispatch has come from the pass since Wednesday afternoon. The wires apparently are undisturbed, but the operators here are unable to raise southern points. It is realized the enemy already may be in possession of Mukden and in battle with Kuropatkin west of that place. Russian divisions along the eastern road that may have been cut off by Kuroki are likely to be annihilated or captured piecemeal.

WOULD NOT CREATE SURPRISE.

Russians Inclined to Believe Story of Naval Battle.

St. Petersburg, Oct. 7.—While the admiralty says it has no knowledge of the departure of the Port Arthur squadron, it is inferred from the way in which the report that such an event had occurred has been received, that definite confirmation would not create surprise.

The Associated Press is informed that no direct orders have been sent to Admiral Wiren to break through the blockading fleet, but it is tacitly admitted that the admiral has discretionary powers to leave Port Arthur should the situation demand or conditions be propitious.

In naval circles it is pointed out that Wednesday morning the conditions might have been favorable for a sortie. Heavy storms raged Tuesday, and doubtless compelled the blockading vessels, and particularly the torpedo boats, to seek shelter, thus leaving the way clear for a dash to Vladivostok. Some naval officers, however, are inclined to think the firing that was heard at Chefoo may have been directed only at blockade runners.

Significant orders have been issued to keep time expired members of all the guards regiments stationed in and around St. Petersburg with the colors till March, 1905.

Orders were issued Thursday to all seamen belonging to the battleships Orel, Zemtchug and Izumrud to rejoin their vessels at Cronstadt immediately. It is believed that this presages the sailing of these vessels Friday for Revel, where Emperor Nicholas is going to review the whole Baltic squadron.

REPORT IS NOT CONFIRMED.

No News of Alleged Naval Battle Off Port Arthur.

London, Oct. 7.—No confirmation has reached London of the reported naval fight off Port Arthur, a story to which effect was sent out by a news agency, and it is supposed that the firing heard at Chefoo, which was reported by the same agency, could only have

been from Japanese warships chasing blockade runners.

The latest Chefoo dispatch to the Daily Telegraph, dated 10 o'clock on the night on which the fighting was reported to have occurred (Wednesday), says:

"Port Arthur is quiet. The Russians are busy repairing forts. The municipality has undertaken to control the flour trade and as a result the price is enormously reduced, merchants having previously sold it at exorbitant figures. The band still plays twice weekly."

COUNT OKUMA'S OPINION.

Believes War Will Be a Very Costly Affair.

Tokio, Oct. 7.—In addressing the members of the United Clearing Houses of Tokio Thursday Count Okuma, the leader of the Progressive party, warned the people to prepare for a long war, the date of the termination of which it was now impossible to foretell. He predicted that the cost to Japan for a two-years' war, including the loans which had been already placed and the expenses consequent upon the war at its termination, would total \$1,000,000,000, which would make the per capita share amount to \$20.

Count Okuma said that corruption appeared to pervade the military, political and financial departments of the Russian government, and that this corruption had almost reached a climax which threatened a revolution. It was even reported that General Stoessel, now defending Port Arthur, was guilty of dissipation during the siege. The speaker declared that the weaknesses of the Russians gave the Japanese many victories. Count Okuma said Japan must make heavy sacrifices to defeat Russia, who, despite her weaknesses, had advantages in wealth and population, but who could not defeat Japan. The count said the war might cost Russia \$2,000,000,000.

EXPERT OPINION DIVIDED.

Activity at Mukden Arouses Much Speculation.

St. Petersburg, Oct. 7.—The war commission sat until an unusually late hour last night, but adjourned without issuing additional news from the front.

Expert opinion is divided as to whether a serious engagement is likely to occur at Mukden, but a dispatch from Mukden reporting unusual activity gives rise to much speculation. It is impossible to say whether this condition presages the evacuation of Mukden, but in any case it is evident that something of unusual interest is pending.

Some even are bold enough to take it that General Kuropatkin is preparing to assume the offensive; but in view of the fact that most reliable advice credit him with only about six divisions at Mukden this is exceedingly improbable. It is thought more likely that the commotion had to do with one or another of the Japanese flanking columns, which the Russian commander may have been preparing to check.

FOR THE WINTER CAMPAIGN.

Japs Are Taking Supplies and Ammunition to the Front.

Field Headquarters of the Second Japanese Army, Oct. 5, via Fusan, Oct. 7.—The Japanese are bringing up enormous quantities of supplies and ammunition for the winter campaign, using the reconstructed railway, carts and junks on the Liao and the Taite rivers. The railroad traffic is uninterrupted and additional soldiers continue to arrive. Outpost skirmishes are confined to the First and the Fourth armies. The troops are standing the climate splendidly, few being reported sick. Cold weather is just beginning.

FATAL AUTOMOBILE ACCIDENT.

Three Persons Killed and Six Others Injured.

New York, Oct. 7.—While speeding along in the Bronx Friday morning an automobile containing nine persons of New York went off a twenty-five-foot embankment at One Hundred and Sixty-first street and Jerome avenue, and two persons were killed, a man and a woman. The machine fell onto the New York Central railroad tracks and the wreckage was struck by a southbound train.

In the automobile when the accident occurred were five women and four men. The automobile was in charge of Albert Noyes.

Besides the man and the woman killed all the seven in the automobile were injured. Where Jerome avenue ends the roadway takes a sharp turn and the automobile did not slacken for this curve and struck the fence with a terrific crash. Engineer Livingston of the train threw on brakes as soon as possible but not before the wreckage of the car had been carried some distance. The engineer was arrested.

The body of Albert Noyes, chauffeur of the wrecked automobile, was found underneath the pilot of the locomotive horribly mangled.

This made a total of three dead, one of whom, a woman, was still unidentified.

MOUNT PELEE IN FULL ERUPTION.

Dread Volcano Emitting Clouds of Smoke and Fire.

Kingstown, St. Vincent, Oct. 7.—The captain of the British steamer Sibun, which arrived Thursday, reports that when the steamer passed the island of Martinique on Sept. 30, Mount Pelee was in full eruption. The spectacle was seen by those on board the Sibun at 2 o'clock in the morning of the day mentioned, the volcano emitting stupendous black clouds and balls of fire. This accounts for the dust clouds reported to have been seen Wednesday throughout the Windward Islands.

MAY YET BEAR FRUIT

REPRESENTATIONS OF UNITED STATES TO RUSSIA REGARDING PASSPORTS.

WILL CONSIDER THE SUBJECT

HERETOFORE CZAR'S GOVERNMENT HAS DECLINED TO ENTERTAIN PROPOSALS.

St. Petersburg, Oct. 7.—Contrary to general expectations, the representations submitted to Russia by the United States for the recognition without discrimination of American passports have not been entirely fruitless. Foreign Minister Lamsdorff's response, communicated to Ambassador McCormick Thursday, even creates the hope that something may actually be accomplished. After receiving consideration at the foreign office, the American note was referred to the high commission for general revision of the passport laws of the empire, which was created by imperial ukase on Dec. 17, 1903. As all matters relating to passports and the exclusion of Jews are governed by the internal laws of the empire, the question is outside the direct field of diplomatic negotiation. By referring the representation of the United States, compliance with which would involve a modification of the passport laws, to the commission, which body is competent to act thereon, a decision of the question may therefore directly be reached.

An official of the foreign office has been appointed by Count Lamsdorff to sit with the commission, thus insuring consideration of the international aspect of the question. Moreover the commission will sit under the direction of the minister of the interior and Ambassador McCormick, who had an extended talk with Prince Sviatopolk-Mirsky, the minister of the interior, upon the subject last evening, found him, as might have been expected from his recent public utterances, sympathetic. Indeed, there is reason to believe that reference of the subject to the commission was previously arranged at a conference between Count Lamsdorff and Prince Sviatopolk-Mirsky.

Considering that this is the first time the Russian authorities have not brusquely declined to entertain American representations upon this question, the present response to Ambassador McCormick may be regarded as another signal proof of Russia's desire for friendly relations with the United States.

DISCUSS DISARMAMENT.

Peace Congress Delegates Talk on the Subject.

Boston, Oct. 7.—The arrest and subsequent reduction of military and naval armaments throughout the world was called for Thursday at the session of the international peace congress when resolutions were adopted expressing the opinion that the first task which the world's new convention suggested by President Roosevelt should take up, was the gradual disarmament of all powers.

The thanks of the congress were extended to President Roosevelt for his pledge to take the first step towards a convocation of a new international peace conclave.

General Nelson A. Miles was the principal speaker at night at a congress meeting held in Park street church, to consider the suggestion of the reduction of armament and the menaces of great armies and navies.

Congressman Samuel W. McCall presided and several prominent men voiced their opinions.

Another meeting, devoted to a discussion of the responsibilities of education in creating right ideals of international life, was held in Tremont temple. The speakers included Baroness von Suttner and Dr. Yamei Kin of China.

SECURE BIG AMOUNT.

Robbers Wreck Bank at Monticello, Wis., and Escape With \$20,000.

Janesville, Wis., Oct. 7.—Heavily armed posers are scouring the country to find the seven men who wrecked the bank at Monticello with dynamite. It is reported they secured something over \$20,000. They escaped across country behind a team of fast horses.

It is believed that the plot was laid in Chicago and that the men have attempted to get back to that city. All trains coming into Chicago from the direction of the robbery are being searched.

People of the town were awakened by the terrific explosion and saw the men drive away, but were unable to distinguish in the darkness more than the number of men.

Affairs at the bank are in such a state as a result of the explosion that it is impossible to tell the exact amount of money secured.

Suit for Alleged Trespass.

St. Paul, Oct. 7.—Attorney General W. J. Donahower has begun suit on behalf of the state against Congressman C. B. Buckman for \$44,000. The amount is claimed to be due for alleged timber trespasses. The cases of alleged trespass were recited in detail in the recent report by Public Examiner Johnson to the governor, which was for some time kept secret.

Don't become discouraged. There is a cure for you. If necessary write Dr. Fenner. He has spent a lifetime curing just such cases as yours. All consultations FREE.

Cured of Backache.

Member of the Business Men's League and one of the best known business men in St. Louis, Mo. Read what Mr. Wand has to say about Dr. Fenner's Kidney and Backache Cure:

"I know what it is to be afflicted with backache and I sympathize with fellow sufferers. After swallowing various and frequent nauseating doses of this and that prescription I decided that if Dr. Fenner's Kidney and Backache Cure could not rid me of those backaches it at least would not do me any harm and I procured a bottle.

"Now the first bottle didn't stop those wearing backaches, but it did afford me great relief. The second bottle, however, did effectually put a stop to those racking backaches. Occasionally they return when strenuous business affairs exhaust me, but Dr. Fenner's Cure gives instant relief.

FAIRBANKS ARRIVES AT OGDEN.

Decides to Make No References to Conditions in Utah.

Ogden, Utah, Oct. 7.—Charles W. Fairbanks arrived in Ogden Thursday afternoon from Nevada and spoke in the Grand Opera house at night to an audience which taxed the capacity of that hall. He did not discuss the political situation as it pertains to Utah.

When the Fairbanks train made its first stop of the day at Elko, Nev., 200 miles west of Ogden, the vice presidential candidate was met by Senator Smoot and other leading members of the regular Republican organization of Utah. When Senator Fairbanks arrived in Ogden he found awaiting him Senator Kearns, who heads the "American party." Kearns was soon closeted with the Indiana senator. No statements were made concerning the conference, but Senator Fairbanks early decided to make no reference to the state complication in his public utterances.

No speeches were made between Elko and Ogden, and the most interesting event of the day, aside from the private discussions of the Utah situation, was the trip across Great Salt Lake via the Lucin cutoff on the Southern Pacific.

Senator Fairbanks was rejoined at Ogden by Senator Dolliver. Congressman W. I. Smith of Iowa joined Senator Fairbanks and will continue with him until the senator concludes his Iowa campaign next week. Senator Fulton has returned to Oregon.

PARKER HAS MANY CALLERS.

Noted Western Democrats Visit Him in New York.

New York, Oct. 7.—Alton B. Parker expects to return to Esopus today. The number of callers at his apartments at the Hotel Seville Thursday was the largest during his present visit.

Senator W. A. Clark of Montana called to introduce former Governor Hauser and former Lieutenant Governor Spriggs of Montana.

While they were conferring with Parker, a telegram was received announcing that the labor convention of the state had endorsed the Democratic electors.

CONVICTS GET AWAY

MAKE DESPERATE EFFORT TO ESCAPE FROM SOUTH DAKOTA PENITENTIARY.

Sioux Falls, S. D., Oct. 7.—One of the most sensational and wholesale escapes in the history of the Sioux Falls penitentiary occurred Thursday when seven desperate prisoners made a break for liberty. The escape was made from a new building in the course of construction at the penitentiary.

The alarm was promptly given and every available guard and attaché of the prison were speedily in pursuit. After an exciting chase two fugitives, James Andrews and Thomas Burns, both under sentence of twelve years for highway robbery, were recaptured. Two of the remaining five were wounded by a fusillade of shots which were fired after the escaping prisoners. The two wounded men dropped to the ground and for a brief time it was thought they had been killed, but they managed to gain their feet and escape.

FAIRBANKS ARRIVES AT OGDEN.

Decides to Make No References to Conditions in Utah.

Ogden, Utah, Oct. 7.—Charles W. Fairbanks arrived in Ogden Thursday afternoon from Nevada and spoke in the Grand Opera house at night to an audience which taxed the capacity of that hall. He did not discuss the political situation as it pertains to Utah.

When the Fairbanks train made its first stop of the day at Elko, Nev., 200 miles west of Ogden, the vice presidential candidate was met by Senator Smoot and other leading members of the regular Republican organization of Utah. When Senator Fairbanks arrived in Ogden he found awaiting him Senator Kearns, who heads the "American party." Kearns was soon closeted with the Indiana senator. No statements were made concerning the conference, but Senator Fairbanks early decided to make no reference to the state complication in his public utterances.

No speeches were made between Elko and Ogden, and the most interesting event of the day, aside from the private discussions of the Utah situation, was the trip across Great Salt Lake via the Lucin cutoff on the Southern Pacific.

Senator Fairbanks was rejoined at Ogden by Senator Dolliver. Congressman W. I. Smith of Iowa joined Senator Fairbanks and will continue with him until the senator concludes his Iowa campaign next week. Senator Fulton has returned to Oregon.

PARKER HAS MANY CALLERS.

Noted Western Democrats Visit Him in New York.

New York, Oct. 7.—Alton B. Parker expects to return to Esopus today. The number of callers at his apartments at the Hotel Seville Thursday was the largest during his present visit.

Senator W. A. Clark of Montana called to introduce Former Governor Hauser and Former Lieutenant Governor Spriggs of Montana.

While they were conferring with Parker, a telegram was received announcing that the labor convention of the state had endorsed the Democratic electors.

CONVICTS GET AWAY

MAKE DESPERATE EFFORT TO ESCAPE FROM SOUTH DAKOTA PENITENTIARY.

Sioux Falls, S. D., Oct. 7.—One of the most sensational and wholesale escapes in the history of the Sioux Falls penitentiary occurred Thursday when seven desperate prisoners made a break for liberty. The escape was made from a new building in the course of construction at the penitentiary.

The alarm was promptly given and every available guard and attaché of the prison were speedily in pursuit. After an exciting chase two fugitives, James Andrews and Thomas Burns, both under sentence of twelve years for highway robbery, were recaptured. Two of the remaining five were wounded by a fusillade of shots which were fired after the escaping prisoners. The two wounded men dropped to the ground and for a brief time it was thought they had been killed, but they managed to gain their feet and escape.

BOY KILLS HIS FATHER.

Shoots His Parent Dead in a Pistol Duel at Killo, Tex.

Killo, Tex., Oct. 7.—H. C. Watson was shot dead in a pistol fight Thursday by his son Ben in the presence of the boy's mother. The father and son had a dispute over a crop division. The father shot three times and the boy once. The son is in jail.

Schooner Glides Sinks.

Fire Island, N. Y., Oct. 7.—While going out from Great South Bay Thursday, the fifty-one ton schooner Glider of New York grounded on Fire Island bar and sank. Her crew was rescued by the life savers from the Oak Island life saving station.

ROEBER LOOTS AN IOWA BANK.

Takes \$1700 and Locks the Lady Cashier in the Vault.

Council Bluffs, Ia., Oct. 7.—A robber entered a savings bank at Treynor Thursday afternoon and compelled the assistant cashier, Miss Frances Flood, to give up \$1,700. Then the robber drove the woman, who was alone in the bank, into the big vault, and locked her in. Customers going into the bank half an hour later heard the woman's screams for help and released her.

Grief Kills an Iowa Woman.
Leon, Ia., Oct. 7.—Grief because she shot her husband was the cause assigned by physicians for the death of Mrs. Peter Levy. She recently shot and killed her husband, whom she mistook for a chicken thief.

You Never Know the Moment when This Information May Prove of Infinite Value.

It is worth considerable to any citizen of Brainerd to know how to be cured of painful, annoying itching piles. Know then that Doan's Ointment is a positive remedy for all itches of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merits:

Mrs. S. Brain of 125 South Ninth street says: "I can recommend Doan's Ointment highly for hemorrhoids, an affliction which gave me no end of misery. Procuring a box at a drug store I only made a few applications of the ointment and there has not been the slightest annoyance since. I am fully convinced after such an experience that Doan's Ointment is a medicine which can be relied upon to cure anyone suffering from an exasperating annoyance as I had."

Sold for 50 cents a box by H. P. Dunn & Co. and all druggists. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

You Never Know the Moment when This Information May Prove of Infinite Value.

It is worth considerable to any citizen of Brainerd to know how to be cured of painful, annoying itching piles. Know then that Doan's Ointment is a positive remedy for all itchiness of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merits:

Mrs. S. Brain of 125 South Ninth street says: "I can recommend Doan's Ointment highly for hemorrhoids, an affliction which gave me no end of misery. Procuring a box at a drug store I only made a few applications of the ointment and there has not been the slightest annoyance since. I am fully convinced after such an experience that Doan's Ointment is a medicine which can be relied upon to cure anyone suffering from an exasperating annoyance as I had."

Sold for 50 cents a box by H. P. Dunn & Co. and all druggists. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

GREAT CUT-PRICE SALE

which commenced on Saturday, October 1st, to continue for twenty-five days only and not a day longer.

Every new Fall Suit, Overcoat and pair of trousers; every article in Boys' and Children's Clothing; our Hats, Furnishings and Shoes all are included in this great Sacrifice Sale.

No, we do not propose to advertise a grand clearance sale—goods sold regardless of cost, clothing at half price or less than the cost of manufacture—suits, at cost of the thread with which they were sewed

—overcoats at the cost of the buttons on them. Such nonsensical advertisements are simply a burlesque and an insult to public intelligence. Here's our statement:

We have made great reductions on everything in our store. We have not marked them up and then marked them down—simply cut the original price. Now, then, come and see for yourselves. Let the goods and prices do the talking. This is what constitutes a fair, square Reduced Price Sale, and this is our straight forward and honorable way of doing it.

We would appreciate a call from you for the purpose of testing the truth of all our assertions.

A. MARK SLASHES LIKE A TROJAN

He Says His Clothing Store has Been Turned into a Verti-able Mecca

FOR SHREWD BARGAIN SEEKERS

And He Has Employed a Large Force of Clerks for the Big Rush

A. Mark, the Sixth street clothier, has smashed all records to smithereens and the last time he was heard from he was still going a lively clip and that, too, without the wind shield. A short time ago he commenced to advertise in a liberal yet judicious manner and although he has been in business for a long time he states that he never before got at the real meat of this advertising business and he is more convinced than ever before that anyone who is not afraid to dip in will surely sell the goods.

A representative of THE DISPATCH put this query to Mr. Mark this morning: "What prompted you to blossom out as such an extensive advertiser so suddenly Mr. Mark?"

"Well I will just tell you. Last spring I bought an unusually large stock of clothing and as the fall months started in I feared that I would not be able to unload. I decided that I would have to make one grand hustle otherwise I could not pay for these goods. I therefore started cutting the prices down so that the clothing was placed at actual cost, then I commenced the liberal use of printer's ink, and you and everyone else in the city knows the result.

"The results far surpassed my most sanguine hopes and I saw that I must at once do something to take care of the immense trade, so I hired more clerks and have been hiring new ones ever since. Would you believe it if I told you that I have ten clerks hired for the busiest hours of the day? Just walk in and see the rush. This dark, dull morning gives most anyone the dumps, but it is not dark nor gloomy in our store, for there is plenty to do all the time and we haven't time to think about the weather. I have one clerk there who sold five suits this morning before 11 o'clock and I guess by the way the crowd is coming in he will sell that many more before night."

At this point Mr. Mark had a call over the telephone from Minneapolis and he hurried away, but his business done at the telephone office he was after the newspaper man again. He said he had a taste of this advertising business and could not stay out of print now and that his store would become as well known as any in the city in a short time or he would know the reason why.

"I am not one of those men who are wrapped up in the four walls of their stores either," said Mr. Mark. "I am interested in the development of this country and anything that interests Brainerd and the surrounding country interests me. I want to tell you one thing I appreciate more than ever the intelligence of Brainerd people. Since I started telling the people that I have something for sale those who make up the crowds are among the very best people of the city and they have no hesitancy in telling me that this sale eclipses anything of the kind ever seen in the city. Why, you can see those green packages going in every direction of an afternoon."

Mr. Mark came to Brainerd but a year or two ago. He has been doing a conservative business during this time. He is a clothing man of long experience and he is capable of doing just what he starts out to do and he has the reputation of always winning out when he wars up to the subject in good shape. He has just warmed up the business of turning out the goods and his store has really been the talk of the town for the past ten days.

The gentleman is heavily interested in property on Mille Laes lake, particularly about Midland. He is very much engrossed in the progress of this section. He says that he believes this country in the vicinity of Midland has a great future and he knows that if a railroad could be secured the place would leap into popularity with the people of Brainerd as well as the entire country. Mr. Mark is interested in a proposition to build an electric line through to Mille Laes and it is not at all unlikely that within the next year or two he will be successful.

"You might just say for me in your paper," put in the sturdy little clothier, "that I am not in the joshing business when I say that I am offering the best values in clothing at cheaper prices than they can be bought by a dealer at the factories. Our suits will bear inspection and there is everything else that a man would want in the haberdasher line which can be had for the cheapest price imaginable.

TO DO MUCH BUILDING

The Northern Pacific Files its Annual Report and Considerable Building is Promised

The Northern Pacific annual report for the year ending June 30, shows net earnings of \$22,290,031, and increase of \$180,018. The gross earnings were \$46,524,574—an increase of \$382,469. Operating expenses were \$24,234,542, an increase of \$202,229. The net surplus was \$1,379,321—a decrease of \$291,624. The road appropriated \$3,000,000 for betterments and added \$1,379,321 to the total net surplus making the amount \$11,104,977, June 30. The big betterment appropriation is taken to mean that the company will do a lot of building this fiscal year. The lines west have been thoroughly inspected this summer and it is evident plans have been laid for many additions.

"AS YOU LIKE IT."

The Utica N. Y. Observer in speaking of "As You Like It" which appears at the Opera House Oct. 13, says:

"The school teachers of Utica and vicinity must have advised their pupils to see the performance of "As You Like It," at the Majestic last night, for the audience was largely composed of young folks of school age, who have yet to become familiar with the dramatic works of the immortal Shakespeare. There were some grayheads scattered about the house, but the general appearance of the assemblage was youthful. The auditorium was not filled, but the attendance was quite satisfactory considering the disagreeable weather. The presentation of the play was a pleasing one. Not often has "As You Like It" been better staged. The scenic environment was most attractive and complete in every detail. The company is one of excellent ability and the production was thoroughly enjoyable. Miss Florence Gale essayed the role of Rosalind and was effective in it. She does not, of course, eclipse Modjeska or Marlowe, but she plays the part with much grace and was always interesting. She is a young woman of undoubted talent and marked personal charm. George Sylvester as Orlando was good to look at and rendered his lines in excellent style. Paul Taylor as Touchstone, the jester, was capital, and made the most of the witty speeches falling to him."

which commenced on Saturday, October 1st, to continue for twenty-five days only and not a day longer.

Every new Fall Suit, Overcoat and pair of trousers; every article in Boys' and Children's Clothing; our Hats, Furnishings and Shoes all are included in this great Sacrifice Sale.

No, we do not propose to advertise a grand clearance sale—goods sold regardless of cost, clothing at half price or less than the cost of manufacture—suits, at cost of the thread with which they were sewed

—overcoats at the cost of the buttons on them. Such nonsensical advertisements are simply a burlesque and an insult to public intelligence. Here's our statement:

We have made great reductions on everything in our store. We have not marked them up and then marked them down—simply cut the original price. Now, then, come and see for yourselves. Let the goods and prices do the talking. This is what constitutes a fair, square Reduced Price Sale, and this is our straight forward and honorable way of doing it.

We would appreciate a call from you for the purpose of testing the truth of all our assertions.

HIS BROTHER WAS KILLED

Brother of Otto Ostermyer Was Working in Railroad Yards at Bessmer, Mich.

AND WAS INSTANTLY KILLED

Mr. Ostermyer, Accompanied by His Wife, Left for the East Yesterday.

Mr. and Mrs. Otto Ostermyer left yesterday morning for Bessmer, Mich., where they were called on account of the sudden death of Henry Ostermyer, a brother.

The telegram which came from Bessmer did not contain much information beyond the fact that the unfortunate man was killed while switching in the railroad yards at that place. He was foreman of a switching crew.

ELKS HAVE BIG TIME

Good Class of Candidates Initiated Last Night and this was Followed by a Social Session

Brainerd Lodge No. 615, B. P. O. E., held a very interesting meeting last night. Exalted Ruler Mattes had arranged a very pleasant program for the evening. There was a large class of candidates in line and they were given the "usual dose." This was followed by a social session and refreshments were served. The Elk orchestra furnished some good music and there was a flow of song and oratory.

TO DO MUCH BUILDING

The Northern Pacific Files its Annual Report and Considerable Building is Promised

The Northern Pacific annual report for the year ending June 30, shows net earnings of \$222,290,031, and increase of \$180,018. The gross earnings were \$46,524,574—an increase of \$382,469. Operating expenses were \$24,234,542, an increase of \$202,229. The net surplus was \$4,379,321—a decrease of \$291,624. The road appropriated \$3,000,000 for betterments and added \$1,379,321 to the total net surplus making the amount \$11,104,977, June 30. The big betterment appropriation is taken to mean that the company will do a lot of building this fiscal year. The lines west have been thoroughly inspected this summer and it is evident plans have been laid for many additions.

MUSIC AND DRAMA.

"AS YOU LIKE IT."

The Utica N. Y., Observer in speaking of "As You Like It" which appears at the Opera House Oct. 13, says:

"The school teachers of Utica and vicinity must have advised their pupils to see the performance of 'As You Like It,' at the Majestic last night, for the audience was largely composed of young folks of school age, who have yet to become familiar with the dramatic works of the immortal Shakespeare. There were some grayheads scattered about the house, but the general appearance of the assemblage was youthful. The auditorium was not filled, but the attendance was quite satisfactory considering the disagreeable weather. The presentation of the play was a pleasing one. Not often has 'As You Like It' been better staged. The scenic environment was most attractive and complete in every detail. The company is one of excellent ability and the production was thoroughly enjoyable. Miss Florence Gale essayed the role of Rosalind and was effective in it. She does not, of course, eclipse Modjeska or Marlowe, but she plays the part with much grace and was always interesting. She is a young woman of undoubted talent and marked personal charm. George Sylvester as Orlando was good to look at and rendered his lines in excellent style. Paul Taylor as Touchstone, the jester, was capital, and made the most of the witty speeches falling to him."

A. MARK SLASHES LIKE A TROJAN

He Says His Clothing Store has Been Turned into a Vertigable Mecca

FOR SHREWD BARGAIN SEEKERS

And He Has Employed a Large Force of Clerks for the Big Rush

A. Mark, the Sixth street clothier, has smashed all records to smithereens and the last time he was heard from he was still going a lively clip and that, too, without the wind shield. A short time ago he commenced to advertise in a liberal yet judicious manner and although he has been in business for a long time he states that he never before got at the real meat of this advertising business and he is more convinced than ever before that anyone who is not afraid to dip in will surely sell the goods.

A representative of THE DISPATCH put this query to Mr. Mark this morning: "What prompted you to blossom out as such an extensive advertiser so suddenly Mr. Mark?"

"Well I will just tell you. Last spring I bought an unusually large stock of clothing and as the fall months started in I feared that I would not be able to unload. I decided that I would have to make one grand hustle otherwise I could not pay for these goods. I therefore started cutting the prices down so that the clothing was placed at actual cost, then I commenced the liberal use of printer's ink, and you and everyone else in the city knows the result.

"The results far surpassed my most sanguine hopes and I saw that I must at once do something to take care of the immense trade, so I hired more clerks and have been hiring new ones ever since. Would you believe it if I told you that I have ten clerks hired for the busiest hours of the day? Just walk in and see the rush. This dark, dull morning gives most anyone the dumps, but it is not dark nor gloomy in our store, for there is plenty to do all the time and we haven't time to think about the weather. I have one clerk there who sold five suits this morning before 11 o'clock and I guess by the way the crowd is coming in he will sell that many more before night."

At this point Mr. Mark had a call over the telephone from Minneapolis and he hurried away, but his business done at the telephone office he was after the newspaper man again. He said he had a taste of this advertising business and could not stay out of print now and that his store would become as well known as any in the city in a short time or he would know the reason why.

"I am not one of those men who are wrapped up in the four walls of their stores either," said Mr. Mark. "I am interested in the development of this country and anything that interests Brainerd and the surrounding country interests me. I want to tell you one thing I appreciate more than ever the intelligence of Brainerd people. Since I started telling the people that I have something for sale those who make up the crowds are among the very best people of the city and they have no hesitancy in telling me that this sale eclipses anything of the kind ever seen in the city. Why, you can see those green packages going in every direction of an afternoon."

Mr. Mark came to Brainerd but a year or two ago. He has been doing a conservative business during this time. He is a clothing man of long experience and he is capable of doing just what he starts out to do and he has the reputation of always winning out when he warms up to the subject in good shape. He has just warmed up the business of turning out the goods and his store has really been the talk of the town for the past ten days.

The gentleman is heavily interested in property on Mille Laes lake, particularly about Midland. He is very much engrossed in the progress of this section. He says that he believes this country in the vicinity of Midland has a great future and he knows that if a railroad could be secured the place would leap into popularity with the people of Brainerd as well as the entire country. Mr. Mark is interested in a proposition to build an electric line through to Mille Laes and it is not at all unlikely that within the next year or two he will be successful.

"You might just say for me in your paper," put in the sturdy little clothier, "that I am not in the joshing business when I say that I am offering the best values in clothing at cheaper prices than they can be bought by a dealer at the factories. Our suits will bear inspection and there is everything else that a man would want in the haberdasher line which can be had for the cheapest price imaginable.

A Stove Bargain

COLE'S HOT BLAST is a great value. We sell it under a positive guarantee. It burns soft coal, lignite coal, coke, hard coal, wood or any fuel without any change in the stove. You only need one stove for the entire year, Spring, Fall, or dead of Winter. Strikes or soft coal combines cease to be a terror if you have a Cole's Hot Blast.

It is the only stove that keeps the house warm all night and gives the family a warm breakfast room in the morning.

If you feel poor it saves half your fuel bill, while giving the above beautiful results. It will even make a ton of cheap slack soft coal, where available, do more work and hold fire better than your neighbor gets out of a ton of hard coal in his \$50.00 stove.

Scientific Construction.

Airtight and gas-tight construction throughout. A patented steel collar connects the elbow draft to the stove body and can not open by action of the fiercest heat. The patented compound hinge on the lower draft can not warp and the draft door closes airtight by its own weight. The patented smoke-proof feed door prevents smoke, dust, or gas escaping when fuel is put in the stove. Perfect results, therefore, from any fuel. The heavy fire box protects the points where other stoves burn out first, and insures great durability.

Cole's Hot Blast

makes \$5.00 worth of any fuel give more heat than \$10.00 worth of fuel in any other stove.

COOK OFF THE TICKET

GUBERNATORIAL NOMINEE OF ONE WISCONSIN REPUBLICAN FACTION RESIGNS.

SCOFIELD IS HIS SUCCESSOR

FORMER GOVERNOR IS NAMED TO LEAD THE ANTI-LAFOLLETTE WING OF THE PARTY.

Milwaukee, Oct. 7.—Samuel A. Cook of Neenah has withdrawn from the head of the stalwart Republican state ticket and is succeeded by former Governor Edward Scofield. The selection of Scofield will be ratified by the state central committee at a special meeting to be held shortly.

Samuel A. Cook issued a lengthy statement to the public last night giving his reasons for withdrawal from the stalwart ticket. The gist of his statement is a review of his past utterances that he would withdraw unless a decision by the supreme court was in his favor.

"Therefore, in conformity with the understanding when I became a candidate," Mr. Cook said, "and feeling that one of the principal purposes of my candidacy, namely, to restore harmony and effectiveness to the party, has been made impossible by the conditions now existing, I respectfully withdraw as a candidate from the contest."

Former Governor Scofield, who has been selected to fill the vacancy made by Mr. Cook, said:

"I have not much to say. The situation explains itself. Mr. Cook has withdrawn from the head of the Republican ticket, and as soon as the proper formalities have been observed, I shall take his place."

Will Make an Energetic Campaign.

"I am not an office seeker, but I am proud of the honor conferred upon me and shall make an active and energetic canvass until the day of election. I am confident that I shall be elected. I have faith in the judgment and in the desire for fair play of the Republicans of Wisconsin, and am certain that they will rebuke the high handed methods by which Mr. LaFollette attempted to steal the party convention. I represent in this contest the Republican party of the state and my nomination comes through the regular party channels."

"The only tribunal that has passed upon the merits of the controversy now in progress in the party in Wisconsin is the National Republican convention, which declared, after a most careful investigation of the sub-

was the Republican.

"I can back up my position. I am heartily in accord with the platform adopted by the party convention held in the Fuller opera house at Madison in May last."

The question of mandamus proceedings before the supreme court to compel Secretary of State Walter L. Houser to place the list of Republican electors in both columns was left open pending further investigation by attorneys for the stalwart faction.

The stalwarts have determined to remain in the field and have arranged for an active campaign from now until election.

The stalwarts of Wisconsin have adopted the name of the "National Republican" and their ticket will appear on the official ballot under this name. The central committee of this faction of the Republican party will meet on Friday to perfect plans for organization.

MARK'S GREAT RUSH SALE!

THE GREATEST OF ALL SALES IN BRAINERD

CUT PRICES in our high grades of Merchandise not considered at all, but we will cut and slash in order to raise the cash. We handle nothing but the **BEST AND HIGHEST GRADE OF SHOES, CLOTHING, HATS and FURNISHINGS**

There are no better anywhere to be found. Nothing but Square dealing goes in my establishment. Your money back if you want it, I am too well known at this time here in Brainerd and vicinity. No monkey business goes with me. I mean what I say, and if I say "Slash," slash it must be until my entire stock of High Grade and Union Made Goods is sold, no matter at what price, as the people will all testify to my honest intentions. I am no stranger here in Brainerd. I do not care, nor does anyone else care how I got my goods or where I got them, as you get the Right Merchandise at one-half or one-quarter its value. There is positively no place in Brainerd today nor in a year from today that can come anywhere near selling good goods as low as I do. They are not in it with me at this time. Do not make any mistake and be misled by others. Come right here for your Great Bargains as my prices are getting lower as the stock gets reduced. Everything is on the square.

500 dozen fine All Wool and fine Fleece Lined Underwear, up to \$4.00 a Suit. Now going at \$1.75, \$1.25, \$1.20 and 75c a Suit.

Gentlemen's Suits, \$22, \$20, \$18, \$15 and \$10, at \$7.50, \$5.00, \$4.00 and \$3.50.

A Stove Bargain

COLE'S HOT BLAST is a great value. We sell it under a positive guarantee. It burns soft coal, lignite coal, coke, hard coal, wood or any fuel without any change in the stove. You only need one stove for the entire year, Spring, Fall, or dead of Winter. Strikes or soft coal combines cease to be a terror if you have a Cole's Hot Blast.

It is the only stove that keeps the house warm all night and gives the family a warm breakfast room in the morning.

If you feel poor it saves half your fuel bill, while giving the above beautiful results. It will even make a ton of cheap slack soft coal, where available, do more work and hold fire better than your neighbor gets out of a ton of hard coal in his \$50.00 stove.

Scientific Construction.

Airtight and gas-tight construction throughout. A patented steel collar connects the elbow draft to the stove body and can not open by action of the fiercest heat. The patented compound hinge on the lower draft can not warp and the draft door closes airtight by its own weight. The patented smoke-proof feed door prevents smoke, dust, or gas escaping when fuel is put in the stove. Perfect results, therefore, from any fuel. The heavy fire box protects the points where other stoves burn out first, and insures great durability.

Cole's Hot Blast

makes \$5.00 worth of any fuel give more heat than \$10.00 worth of fuel in any other stove.

COOK OFF THE TICKET

GUBERNATORIAL NOMINEE OF ONE WISCONSIN REPUBLICAN FACTION RESIGNS.

SCOFIELD IS HIS SUCCESSOR

FORMER GOVERNOR IS NAMED TO LEAD THE ANTI-LAFOLLETTE WING OF THE PARTY.

Milwaukee, Oct. 7.—Samuel A. Cook of Neenah has withdrawn from the head of the stalwart Republican state ticket and is succeeded by former Governor Edward Scofield. The selection of Scofield will be ratified by the state central committee at a special meeting to be held shortly.

Samuel A. Cook issued a lengthy statement to the public last night giving his reasons for withdrawal from the stalwart ticket. The gist of his statement is a review of his past utterances that he would withdraw unless a decision by the supreme court was in his favor.

"Therefore, in conformity with the understanding when I became a candidate," Mr. Cook said, "and feeling that one of the principal purposes of my candidacy, namely, to restore harmony and effectiveness to the party, has been made impossible by the conditions now existing, I respectfully withdraw as a candidate from the contest."

Former Governor Scofield, who has been selected to fill the vacancy made by Mr. Cook, said:

"I have not much to say. The situation explains itself. Mr. Cook has withdrawn from the head of the Republican ticket, and as soon as the proper formalities have been observed, I shall take his place.

Will Make an Energetic Campaign.

"I am not an office seeker, but I am proud of the honor conferred upon me and shall make an active and energetic canvass until the day of election. I am confident that I shall be elected. I have faith in the judgment and in the desire for fair play of the Republicans of Wisconsin, and am certain that they will rebuke the high handed methods by which Mr. La Follette attempted to steal the party convention. I represent in this contest the Republican party of the state and my nomination comes through the regular party channels.

"The only tribunal that has passed upon the merits of the controversy now in progress in the party in Wisconsin is the National Republican convention, which declared, after a most careful investigation of the sub-

was the result. I can brief my position: I am heartily in accord with the platform adopted by the party convention held in the Fuller opera house at Madison in May last."

The question of mandamus proceedings before the supreme court to compel Secretary of State Walter L. Houser to place the list of Republican electors in both columns was left open pending further investigation by attorneys for the stalwart faction.

The stalwarts have determined to remain in the field and have arranged for an active campaign from now until election.

The stalwarts of Wisconsin have adopted the name of the "National Republican" and their ticket will appear on the official ballot under this name. The central committee of this faction of the Republican party will meet on Friday to perfect plans for organization.
